To Whom It May Concern,

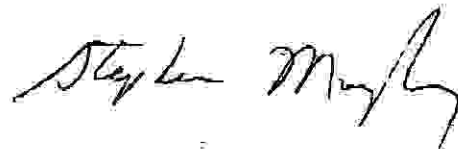

This is a letter of recommendation for Ferie Bailey who worked as my agent in the selling of my mother's home on 20 Montpellier, Laguna Niguel. Ferie went above and beyond "the call of duty" to get our house in front of as many people as possible. She was a tireless worker.

There many qualities that I appreciated about Ferie's style. She is a very straight-forward communicator. Everything is always very clear and honest - no games. In addition she was always available and constantly updating me on events and variables related to the sale.

In the latter days of the sale as we worked together to provide the buyer with needed forms and information, Ferie moved fast and efficiently. At the same time she was a wonderful advocate for me when the buyer's agent made unreasonable requests. She really fought for me and my family to accomplish the goal of selling the house.

I would highly recommend Ferie as a most capable real estate agent.

Sincerely,
